WORK EXPERIENCE

Currently working in **Dotwings.**   **Sep 2022 –Till Now**

MERN Developer

PROJECT

Project Name :   Booktrage

Domain   :   Ecommerce

Technologies :   ReactJs, NodeJs, ExpressJs, MongoDB

Duration   :   Nov 2022 – till now

Tools used   :   Gitlab, VsCode

Description   :   This is a project where we built a complete e-commerce website using React JS. The project includes building a shopping cart, checkout, product pages, and more. The project requires knowledge of React.js, Node.js, Express.js, MongoDB, and backend integration with payment gateways.

Roles and Responsibilities

» Design, develop and test HTML5, CSS3, Bootstrap, JavaScript, jQuery and React.JS that meets accessibility and web browser standards for website.
» Strong experience with frontend libraries and frameworks such as React.js, and Bootstrap.
» Designed CSS templates for use in all pages on the website working with CSS Background, positioning, text, border, margin, padding and table.
» Implemented react JS code to handle cross browser compatibility issues in Mozilla, IE 7, 8, 9, Safari and FF.
» Worked on responsive design and developed a single ISOMORPHIC responsive website that could be served to desktop, Tablets and mobile users using React.js.

DECLARATION
